For: **Methods for Cystic Fibrosis Disease Assessment and Methods for Treating Anaerobic Pseudomonas Aeruginosa Biofilms in Cystic Fibrosis Disease**

RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The Notice of Non-Compliant Amendment mailed November 21, 2006 and dated November 28, 2006 has been carefully considered and addressed. According to the Notice, the original Amendment dated November 3, 2006 is deemed non-compliant because a corrected drawing sheet was submitted with the identifier in the side rather than in the top margin as required by 37 CFR 1.121 (d). Accordingly, please find a corrected "replacement sheet" that comports with the identification requirement. A copy of the Notice of Non-Compliant Amendment is also included with this response for convenient reference.

Please note that the non-compliant amendment was made in response to a non-final office action. This correction, taken with the amendment and remarks in the original response are believed sufficient to establish patentability of the claims. Reconsideration is therefore respectfully requested.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Denise M. Everett", written over a horizontal line.
